Honorable Delbert Latta  
House of Representatives  
Washington 25, D. C.

My dear Congressman:

Your letter of July 23, 1959, with enclosure, has been received, and I appreciate your thoughtfulness in bringing this matter to my attention.

You may be interested to know our files do not show that any letter other than the one you forwarded has been received from [redacted]. However, for your information, [redacted] telephonically contacted FBI Headquarters a total of six times over a period of a year during 1950 and 1951. When my absence from the office was explained to her, she refused to talk with anyone else or to contact our office in Cleveland, Ohio. The contents of [redacted] letter which you sent to me do not indicate any violation over which the FBI has jurisdiction. I am writing [redacted] informing her of that fact.

I was glad to hear from you and want you to contact us whenever we can be of service.

Sincerely yours,

J. E. Howe.  
Dear Sir:

I've tried for the past  
25 years to talk to you  
about a plan for my  
life supposed to be made  
to give personal gains  
to Criminals who have  
robbed me & mine of  
youth health, Wealth,  
Happiness & a clean in-  
nocent reputation &  
my bread & butter at the  
Electric Auto Lite.

I'm not out of my  
mind but this is the  
truth if they don't sneak  
by back or front doors  
it's through the windows  
to rob me & mine of

what is left.

I am trailed every move  
to a constant hold on my  
mind is very obvious.

My life is as some call  
it a public institution  
& my home also.

I raised a fine boy who  
fought with his Uncle  
my brothers in Helwaters  
of Japan.

Ask you didn't God  
give me a Body & Soul  
& Life to live as a good  
American Christian? I  
know you will say yes  
as I love you & the Pres  
ident for giving your  
whole lives for what  
U.S.A. stands for so now

2. now I ask you please  
come to Toledo & Rossford  
& investigate the mess  
thousands have made of  
3 innocent lines & their  
loved ones.

I realize you can't be  
every where, but, God,  
this is worse than vul-  
chers tearing a corpse  
apart.

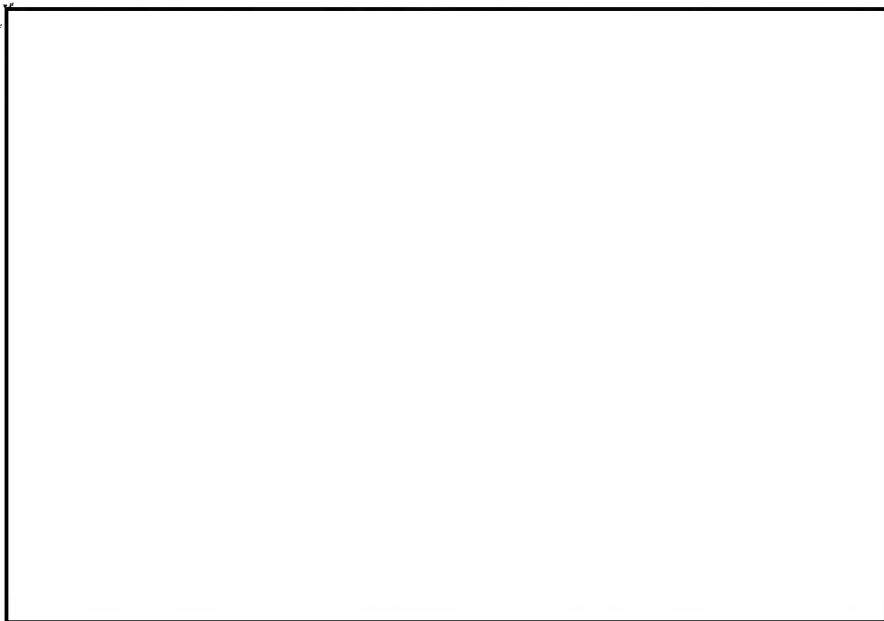

I'm sure when you  
investigate it, thorough-  
ly & personally; you  
shall find the lowest  
of the low in man  
practiced using an in-  
nocent 1 for a stick  
ping stone for advance

ment at her expense  
Physically Mentally  
Morally & Financially  
Please Please

Please investigate  
if personally.

Good Luck & God

Dear :

Your letter which you had Congressman Delbert Latta forward to me was received July 24, 1959. I appreciate your interest in writing; however, based on the information you furnished there is nothing to indicate a violation over which the FBI has jurisdiction.

When advised of his absence, she refused to talk with an assistant and stated that she wanted the Director to call her back. She also refused to contact the Cleveland Office. In two conversations she requested the Director to personally talk with her at her home in Ohio. She was sarcastic during her final telephone call and claims that her messages were not being delivered to Mr. Hoover. See letter of same date to Congressman Delbert Latta.

My dear Congressman:

[redacted]  
Your memorandum, enclosing a letter from [redacted] was received by me on November 3, 1959. A review of her 34-page handwritten letter reflects that it is a rambling and nonspecific collection of vague allegations. We do not contemplate any investigative action on the basis of her letter, which will be made a matter of record in our files.

Please do not hesitate to contact me if I can be of service to you in the future.

Sincerely yours,

J. Edgar Hoover

NOTE: Bufiles reflect that Congressman Latta forwarded a two-page letter from [redacted] to us in July, 1959. This letter was rambling and incoherent and alluded to unnamed persons whose lives were somehow being threatened. She was advised that there was nothing in her letter to indicate a violation over which we have jurisdiction, and it was suggested that she contact the Cleveland Office if she possessed additional facts. Congressman Latta was an applicant for a Special Agent position in 1949 and 1951, and was unfavorably recommended for no outstanding qualifications and a negative personality.

bad every move of it. Hurts  
not only me & mine but  
the future of our U.S.A. if  
it is to stay U.S.A. & not S.S.  
Don't let any 1 tell you this  
is a dry name & I'm no crim

& what in figurines they don't  
steal they maliciously destroy  
some with the beautiful liners  
& stored as all should when  
possible to share when  
the time arrives & not far

2. Criminals use four families cloths  
& all worldly possessions to learn to  
spy <sup>on</sup> & destroy 1 another. This my  
Dear friend is opposite of what  
you gave your whole life  
to. I was born in b6  
b7C  
& so was this son of mine  
I have ~~seen~~ <sup>myself & mine</sup> done to cry &  
prayed God help me & my

wanted & kicked her out &  
no pay for last 2 weeks  
sides & they won't even let  
her on their Property after  
15 years she claims faith  
ful service. How could  
she stop or make us do  
as she pleads with us to  
right the wrong & com-  
pensate her. Har Har Har  
is there answer at all times  
my Dear friend Mr. Hoover  
Ask you is that what  
an American girl with boy  
who bought for rights is

Hell Waters of Japan deserves  
before & after still, Lord,  
any <sup>their</sup> ~~those~~ ones?  
How can they not be sure  
of going on when they claim  
the cloths etc. were the cloths  
that the ones that hold  
reigns of justice, their check  
red & loved ones & friends  
stole & their children grew  
up in & I have given / cheep  
an other & have come to  
the bottom of the Barrel  
of forgiveness remembering  
all the while My Country  
was founded on the Love  
of God the Father, Son &  
Holy Ghost. yet I have  
& mine all our right taken  
away from us for their

ing for what they can sell out of it  
While I am writing this to you 12

to treat Mr. Hoover & [redacted]  
[redacted] walked up to this stranger on  
other side of my bed get by time  
& said I don't know she may have  
gone to her daughters I heard her  
use her phone & make no my  
windows & doors are tightly locked  
& I air rooms & Halls where I can  
sit or work in this room & lock  
all windows & doors when I leave  
& they professional crooks they are  
pride in sliding in & taking expen-  
sive gifts like Lecca compositors  
ers other cameras lens etc clothes  
a God any thing as [redacted]  
brag that they want when they  
need it or any thing to bring cash to  
get what they want. So he even  
my son in law now save give  
watch for criminals to bread

their evil & make slaves while those  
who should be saving souls by / Oom  
mandments & God Holy Bible &  
according to Laws of U S A a  
saving [redacted] property for  
money making propositions <sup>b6</sup>  
as fairs carnivals & white elephant <sup>b7C</sup>  
sales & the like in short at  
[redacted] expense saving  
Holy Bucks yet they rich it in  
fast move they see on our  
back or front door sure  
we want her to know & she can  
do a damn thing about it well  
we shall see if my Parents &  
I live & raise our family  
by God & U.S.A. if that is right  
off by their way get all you  
can where you can regard  
less of how its only a fix if  
you get caught & even the  
Priest teaches / is innocent  
till he is caught & is proven  
guilty the [redacted] teach & preach  
on picnics in their back yards

4. When you come to Bowling Green <sup>b6</sup>  
my dear friend look up old Ross <sup>b7C</sup>  
ford Map & you shall see as I  
was buying this acre from [redacted]  
[redacted] & when we built Bank  
& contractor Gladden, had this  
surveyed & wanted I do this & that  
but I had blons made where I  
now I wanted my home built  
& where they saw & were told by them  
who was my surveyor they had  
only so much frontage they put  
this claim & get what they want & where  
they need & want it all lying at [redacted]  
is of her child sons & husbands know  
son in laws expense so I ask you  
to investigate why or how is it a  
permit was granted & I was insulted  
verbally & they even stuck a stick in  
when they came to get & take what they want  
my dogs side caused a finger to  
was operated 1 year several weeks  
before last Easter it looks now  
as if he has to have another operation  
& had I not kept ears open I had  
never known how he got a tumor  
God only knows they throw up when  
strangers enter jump & lick me &  
smell tracks & lead me to where  
criminals travel in my home.

but that is not proof finger prints  
are & though they warned Albany  
in the hell now effort to get  
as [redacted] [redacted] if you  
don't hide it up he hell but I don't  
got to sleep what I bring or even  
when I had unloads it in East  
way (L.O. 7) where he goes to work  
Hessells <sup>my</sup> Miss & her families things we  
esialy I bring & uses money's Matt  
are saying he told last set to boy a  
friends coming of my drive listening  
on our drive to see what we are doing  
about him being in again he told  
his buddies his parents want to rent  
this house & save enough for a down  
payment on another & even if he  
returned a flight meter I don't won't  
give up the Leica lens etc all the  
Sterling picture frame I gave Al  
2 years ago with his sisters picture  
in wedding gown framed I heard  
Dora bdy while I slept overnight  
at my daughters my husband went  
up to sleep she got past the dogs  
with a weiner & he didn't tie  
the doors as I do so she unlocked  
& got what she wanted & this frame

she boasted is a beauty she  
has Em's Wedding picture. I  
told Em about it & it seems  
each time I go see I God  
thinks this is still here it  
isn't there in next time I go to  
dresser or closet or chests  
God. After I heard it away eye  
& repeat silver, comfested silver  
frames & ash trays again I went  
to see & God they are all gone. Oh  
his Ma & Dad will do it to the Divines  
untill they have 2 houses as Palkos  
Almaster & he named a few more. b6  
they did it to the [redacted] until they b7C  
got what they wanted & Ma & Pa  
control their thought for personal gain  
to do same, so no use she wouldn't  
forgive me for breaking & enter  
ing if I did return Al's light meter  
& I wish [redacted] did do some  
thing about this & catch 1 of us at  
least & his buddies said Darryl for  
God sake your talking about your  
Dad Dad Huh he makes me steel  
for a living & Ma too Dad said he  
would kill [redacted] if he lost  
house as the Lawyer told him he  
lost it when he built it on 15 ft of

her lot but I this I believe Danny for  
his Ma tell neighbors when she was  
bawled out by them to leave me a  
lone I loathe no! + share etc + help  
+ she said she helped us a lot  
come + build on what my Ma  
sold + loaned us + I'm almost  
for another house thanks to [redacted]  
[redacted] it was hilarious fun for the  
meeding + she was sure she was  
being let in Mes + so she argued as  
said with [redacted] his Dad shall leave  
if he loses the house + at Rossford City  
Hall they wanted pay to have some 1 bear  
false witness + I did a thing to she  
time for as [redacted] + others supposedly  
did + he will then get into bigger jobs  
better money I too heard as they say  
Honey don't you want me to get a big  
paying + better job + own completely  
yes but she will send a Lawyer + if  
at City Hall they think she is as dumb as  
he they are wrong [redacted] I tell you  
you if you loose this house after  
all the chances I've taken going  
into this house. He [redacted] said  
I'd bill that S. & B. if I loose you  
Honey you do if you loose the  
house + [redacted] repeated so he wish

b. Wishes over wish he said [redacted] does catch his Parents & I on a T. hell  
work hard if [redacted] doesn't pre-  
charges against him & he can live here but ~~known~~ they probably will let  
me in reform school he told his  
Pals so you guys come with  
me & I'll sell light meter instead  
tomorrow fish on Sunday sure my  
Dad has a market & place for any  
thing any time. He is positive  
F/B, she got a letter I took off the  
break front & he gave it to some  
1 & they called & promised if she  
called they'll take care of her  
& she'll only cry, moan & pray & they'll  
ignore her. A God would that he and  
I would she get a lot of people  
into trouble if I, E. Hoover did  
believe her & her father I would  
we all be in a jam, you know  
she can't go to work because  
we break & enter & dogs are fed  
& poisoned & you know that  
told my Ma & Pa he can get 15 years  
\$200,000 fine & she can get 15 years  
collect damages 1 day he shot  
cutted under our apple trees & to his

yard & I was weeding & he looked at  
me as I looked up & said My I advise  
kill you if you try any funny stuff  
you better not be sitting by your  
windows then I thought he was  
laughing I sat to air rooms but  
Sally. He said will kill her if he  
looses his wife & she will leave  
if he looses the house & he will if  
she takes it to court just so now  
will prove if we are A.K. & as long

[redacted] brags & he said as the <sup>b6</sup>  
cause confusion for I H T then <sup>b7C</sup>  
we are all safe & sure she can't  
financially or other wise get to  
J. & Hooper well I found a friend  
in Jesus & Mr. Debbert Latta  
so please don't let me down.  
Also [redacted] said as long as she hasn't  
& can't do any thing about what the  
Auto Lites & others did to her & hers  
we are safe. So I called a few of my  
friends to get it around [redacted] was  
as he said going to unload a light  
meter he took the strap of the genuine  
leather case & the string it was told by  
his dad his finger prints are on it  
so what she can't prove

I got it & so this I hope  
will give both of you  
an idea of the mess  
thousands have made of  
our lives & Kuro & Kuashu  
for what they have done  
are <sup>still</sup> doing to us at 247.

Maps don't lie fingerprints  
I need not use the real friends  
so they be the Devils next target  
it is your duty to help U.S.A. stay  
U.S.A. so that way no I can say & it's  
true I hurt my worst enemy I  
not made any enemies <sup>that</sup> I have  
bed me & fear me because they  
say others even men would have  
died & want to know what makes  
me & mine tick I always answer  
don't read so many funny books  
but read B I P I E that is truly  
where I get all my answers (my  
Darling Parents didn't give me

I do know & it has been said  
say the darrest thing & believe me  
they tell the truth about what their  
Parents talk about. I watched  
what they tipped me off on any #

of times so for instance my 2 dogs  
never go out unless on lease 1 at a  
time & I walk on the side walk for  
air but now we have jealousy  
porch & doors & they get fresh air  
apenty a dog something like that that  
had the operation before this Habb  
ened the youngest child of Palkos  
who used to live behind [redacted]  
sell tickets she said [redacted] b6 b7C

care if you buy or not can I please  
come in I said why sure as soon as  
I put Jim & Tim down the cellar & she  
sat down now what can I do for  
you I asked she said I am hit by  
[redacted] dog & [redacted] b6 b7C

Dad looked into your cellar & she  
is mad at my Ma I said why he  
wants to visit [redacted] sues you & she  
can't it aint your fault that I  
me & Lord a day later [redacted]

Chief & [redacted] demanded I let them  
in but I had 3 gustopos & I was Mark  
in & let them in in respect to uniform  
etc. & regreted it's a long story & some  
day I'll tell you about it my dear  
friend so then took the right dog away  
I asked [redacted] & Chief to leave & the  
Martin Almaguer has beaten anything  
but like a Chief of Police at 4478

8. before we reached his helpers wherever  
they may be should all  
be investigated as what  
has been practiced here on  
a small scale as they both  
had station wagon & people  
knew what they used them  
for but feared (some I would  
double cross the righteous &  
never live to tell more after by  
have been done to me & me

as they teach I heard [redacted] b6  
his talent & [redacted] tell his [redacted] & [redacted] b7C  
say & do for personal gains to [redacted]  
[redacted] & protect self & say otherwise  
if she squeals & tells the cops.

You know I regret I didn't go on  
with school & taught that to all & I  
& study low as today's films & T.V.  
stories are based on past history  
my dear friend this best year  
of mine & my loved ones suffering  
should be put into hands of good  
American T.V. & movie producers  
to put & set us who are walking  
the wide road to hell set us to  
go the narrow instead of all the  
happy capitalists as Khrushchev calls  
us or did when he was here.

only not by Hook & Crook as it is  
said they get theirs + I know for a  
fact these people have from 1247  
O yes I've been threatened Lincoln  
died because he was brave & that  
do I want to be brave & that  
son will be another Schreister  
in <sup>my</sup> New York as Co. sends Al there & all  
over G. I. A. by plane + [redacted]

she waits till my daughter leaves  
her home + helps herself & is really  
wearing her cloths & makes sure  
I notice them on her in many  
ways with aid of boy friends +  
[redacted] just graduated & dates my prett

I'm writing this as it comes  
to me so I hope if I am not

do so but this is for you +  
Mr. J. E. Hoover only to help us.

Would appreciate an answer  
from both + action by all thank  
God Bless you all & if any

you will condence it but I only

some ripe black raspberries  
cut off top branch leaves &  
on a pile burning [redacted]  
[redacted] piling what he clipped

metal fence used some for chicken  
enclosure & the rest down to the  
dump Winarski's took over 65¢  
a piece 2x4 & made window screens  
H. Winter windows out of our 2x4  
posts he had better used for 2x4  
than to hold metal fence up &  
Palkos not only knocked Electric  
Co. posts given me by a Co. super-  
sor who pitied me & I used them  
as cemented posts & Palkos even rubbed  
it in [redacted] is Anna and I just b6  
want you to ask her if [redacted] know b7C  
her post is out she came out & asked  
her & [redacted] [redacted] said yes it's been out  
since last fall & George said he'll  
take it to the dump too as the truck  
couldn't get in & had to take her fence  
what was left of it down & knock out  
the post [redacted] asked [redacted] to come & tell me  
at least after even [redacted]  
permission from Chuck to cut my  
G.D. hedge down if Almaster can give  
[redacted] permission to do as they care with  
me & my property as long as she or they  
have done to back them up that  
[redacted] wis is a liar why can't Chuck  
Chuck burned up & really gave it to  
mathews & his Ma.

10. & then were to live as [redacted] is trying to if they only let her alone & stay out of her property with shovels for good ground or to put garbage on her premises & advised for his & his [redacted] own protection as well as for [redacted] wife's property from them to put up a stall fence. Well he did & she still throws garbage such as should be in her can containing phys. crushed pill bottles with their doctors name etc. Then they picked on [redacted] tenant & told her my lot belongs to an old drunk on Osborne & Pat believed I just use it & I caught her scuffling my guest & when I got hold of myself had a neighborly talk with her & had they not persecuted her she got stomach cramps from case of nerves over it & until she joined she had all kinds of disturbances there but still does as I am told those from Auto Lite

fear I'm getting the truth & will  
stop me if they have to kill  
me to stop me from collecting  
on what they did took &aredo  
ing. In fact I had a fight 1st  
Morning with her husband & said  
you wanted my Ma to go in it &  
so she will be as guilty taking thing  
as the rest of us & I & beside  
our Ma helped to frame [redacted]  
[redacted] & you know it when both  
worked on War Production she  
a Government inspector & [redacted]  
a Auto Lite inspector & such is  
going on single Auto Lite got a  
way with it & she can't do 1 thing  
about it she surely can't collect  
on us here he said / who's going  
to prove it for her no 1 dare  
we have been in & took some  
thing etc. So you see only Mr.  
J. E. Hoover who can't know  
how to get the truth can only  
put these thousands of people  
where they belong or else this  
is not worth living for & worse  
than anything I've ever read  
even out of Russia so help me [redacted]

To Frank the Mayor I  
told him who over told  
him that was probably  
really loaded with goods  
yes not on me but  
from my house. The  
whole thing is so ridiculous

I would prove it for her & she's the  
only one that knows who did they pulled on us  
And as you read these few  
incidents how would you be your  
not once but several times a month  
wife feel if she washed & dumped  
a new basket of cloths went  
to work her children to high  
school & her Husband up stairs  
asleep & a neighbor comes in & takes  
all & then before she moves sets  
out the many baskets with rubbish  
out front & the boy yells Ma Ma  
Ma is coming home on our street  
I was going by & looking at a  
most new basket & she had  
the one that pulled off the door

children & always complained she  
couldn't get by if she lived anywhere  
else & told her boy no Honey that's  
Mrs. Davis & the garbage man can  
have it but ma it's a good cloth  
basket O.K. I know I got the  
last she bought to use at the new  
house & she didn't lie then or when  
he argued after a wedding they  
attended & 1 of my neighbors called  
me refused to tell me who they  
are only a peep your window if  
is raining & you will hear them  
who has been robbing you of  
all they needed & wanted & you  
worked hard for & think you  
still possess some of the things  
look around & you'll see most  
is empty like I did & God I was  
sick a year over it & still rem-  
ember how Frances was going  
to miss all the money etc. if  
sure helped a lot to run in there  
while they worked & help ourselves  
[redacted] on Piusotto said he will  
use International & Toledo Union  
lawyers to help me about auto etc  
I call but at 247 to get J.E. Hoover

12. so I decided to get Mr. Hopper through you as I can't catch him by phone & you too can't help if there is in any way possible from what here have told you to give you an idea of the mess that gets daily from bad to worse.

Why should any / or any family be put through hell on earth because some 1. as it was said I had the looks & all it took nerve & all to be a millionaire & some / besides my hard earned Blessings are to be shared who has the right in U.S.A. I ask you to defame a real Christians name to teach people the art of all evil / use my brain because I was so call innocent & had a strong brain etc. so to get compensation for my

Gods Blessings seemt ansee<sup>b6</sup>  
they wont to steal & do & use for<sup>b7C</sup>  
their personal gain & matered  
Blessings for our hard labor  
then can keep all they take

Had Ray said to Hell with  
<sup>chief of Police</sup> Almaser I'll make a hell  
of teenagers my self & keep  
all the take (so is that the  
way of life for the Ours  
family for the future as  
it has been in the past  
they are to keep <sup>admitted</sup>  
it is when they get hold of her <sup>best thing</sup>  
so they can get the 50,000  
to do something they can  
get on her to sue her for  
all she gets at the Auto Lite  
as a settlement. Now hope  
you see I didn't word it  
as a learded but I do hope  
you see what I mean [redacted]  
Thanks & Good Luck & God Bless you

2. ever before I ask you to  
deliver this letter to our dear  
Friend so thanks & God Bless  
you Read & reread both  
letters you studied last  
so did my children but  
I'm in Chicago & I in Detroit  
so I had 8 years & believe  
me 8 years of Public  
school in <sup>past</sup> Glassmere taught  
me to live as an American  
& not as I'm forced to live  
the past 25 years. This is  
not living Gods way or  
the way of U. S. A. & should  
be thoroughly investigated  
Who if not my Country  
will protect & stand by me  
& mine & our Gods Blessings  
that we have worked hard

watch her cry & listen to  
her wails she wails like

[redacted] Heberiously laughing

3. when she bragged she found  
where I kept horse & helped &  
really did take what she  
wanted & when she needed  
any thing money included  
& last Sunday a week she  
insisted & slapped her son

& scout the joint & sent him  
again & does every day to get  
what they can take to Indians

dresses etc. This is not a  
small petty job its 35 years  
of hard work gifts all year

igated as I said before I'm pos

get on your knees & thank  
God that he stood by me  
& I'm able to write this to  
you. <sup>people fill mental institutions from heart</sup> Yes I am crying & more.  
I don't want to spend my best  
years of my life in jail yes  
but I thought I had to tie

them out & still when I take  
garbage to end of drive they  
are quick as the Devil is & hide  
I at times made rounds of the  
house but failed as they read  
my mind & later laughed she  
never found my Dad & went  
right by him in coal cellar  
Dad changed her 100 Watt

Dear friend Mr. Latta!

I hope you & my fellow  
friend Mr. Hoover can read  
my chicken scratches but  
I guess this all is enough  
to make any 1 human be-  
ing a bundle of nerves.  
If this that I wrote is al-  
l that is to continue there is no  
use to exist. What has been  
practised on me & mine  
this past 25 years every  
minute so as not to  
miss a move we make  
but they can't believe me  
do cash in is not what  
real Americans as we deserve.  
Catholic leaders & my Lutheran  
Ministers & other belief heads have  
told me repeatedly a good

Christian is a good American  
& you & I & above all God knows  
there aren't too many real  
ones any where & after this  
mess my & mine lives have  
been made of is thoroughly  
investigated in positive  
The degeneration will & can  
be stopped & those born to  
lead & called by God to do  
so will be able to & not  
those whom the Devils want  
to hold the reins for their  
personal gains at the exp  
ense of innocent ones

Happiness, & Clean Innocent

you for last favor & am
